- 1 Innuos Statement Music Server
- (2) Innuos Statement Power Unit

- 3 Mains Cable
- (4) Ethernet Cable
- 5 2x Umbilical Interconnect

## **Connect your System to your Home Network**

#### Wired to the Internet Router

#### **OPTIONAL** Not required for server operation

The Streamer Port provides a wired network connection for streamers, wireless speakers and other network audio products.

## Using your System as a Player

### SETUP A Connect to a DAC/Amplifier via USB

Note: USB Cable not included. Requires DAC compatible with USB Audio Class 2.

Please press and release. Do not hold the front power button down.

#### OPTION A Rip CDs

Do not push the CD while it is being drawn in as this may cause it to jam or damage the optical drive.

## OPTION B Import Digital Music

Please press and release. Do not hold the front power button down.
